Since the beginning of 1900 the family Bettili has both cultivated vines and made and sold wine in the hills in the northeast of Verona. In 2013, Cristiana concluded the takeover of an historical and famous winery founded during the sixties in the area of Friuli Grave DOC, where the stony soils gives wines mineral aromas and a fresh taste. With deep convictions for sustainable practices, Cristiana focuses on healthy grapes and vineyards to minimize efforts in the cellar. Following these beliefs, the vineyards of Tenuta Plozner have been certified organic since 2016.
